

## The Top 150 Metro Areas in the DISC Corp MSA databases

### About the DISC Metro Area Databases

- These areas show where most of the electrical distributors and most of the customers served by distributors are located.
- The top 150 metro areas account for over 80% of all distributor sales
- MetroPulse shows *quarterly* industry sales by customer type for the previous year, current year and following year and is updated quarterly
- MetroCast shows *annual* industry sales by customer type with two years of history and a five year outlook. It is updated every quarter
- MetroPro shows two years of history and a five year outlook for 12 major product groups for each of the above MSAs. It is updated every quarter.
